WINTER

FIRE HYDRANT ACCESS

This is a reminder to residents who have a fire hydrant in front of their property. Landscaping or signs shall not be placed within a 3 foot perimeter so as not to impede fire protection personnel. Also, the Village would appreciate resident's efforts in keeping the hydrants cleared of snow during the winter months.

SNOW SEASON PARKING

From **November 15th of each year until April 1st of the following year**, no person shall park any vehicle except an emergency vehicle between 3:00 a.m. until 6:00 a.m. of any day on any street including State Highway 15 in the Village unless permission is granted by the Hortonville Police Department.

In instances where the Village has declared a snow emergency, vehicles will be ticketed and towed at the owner's expense. If you have an emergency parking consideration, please call the Hortonville Police Department at 779-6165 with your request.

GOING AWAY FROM YOUR HOME THIS WINTER?

If you are planning a vacation this winter or will be gone from your home for an extended period, you may want to contact the Village office regarding trickling your water to avoid service interruption due to a frozen service lateral. When you are away from your home the water is not moving through the lateral thereby becoming more susceptible to freezing. Follow these easy steps:

1. Leaving your home for a week or more.
2. Call the Village office at 779-6011 (Lisa).
3. If it is determined that you need to trickle (leave a faucet on with the stream being the size of a pencil), we will advise you.
4. Read your water meter.
5. When you come back from vacation, read your meter and call Lisa at the Village office.

You will receive a credit for the water & sewer that was trickled.

WINTER

ICE BUILDUP ON SIDEWALKS

Property owners are reminded that they are responsible for the **shoveling and deicing of sidewalks** bordering their properties within 24 hours of a completed snowfall. Now is the time to think about preventing ice buildup on the sidewalk in front of your residence. The melting and freezing of water that ponds on the sidewalk can be prevented with a little maintenance. By using an edger in the Fall and cutting back the grass that grows over the edge of the sidewalk, the water has a chance to flow off the sidewalk before freezing. The terrace area between the sidewalk and curb may also need some attention if it has built up over the years with dirt and doesn't allow the water to flow towards the curb and gutter. Remember, it is the resident's responsibility to keep the sidewalks free of snow and ice and with a little maintenance now a troublesome sidewalk can be avoided in the winter.

Also, Village ordinance prohibits the plowing or dumping of snow on any public street, alley, public property, or upon the property of another, without the express permission of the property owner.

FORECLOSURES AND UNATTENDED PROPERTIES

If you are vacating a property for an extended period of time or know of a vacated property, please notify the Village Water Utility at 779-6011.

Hortonville Water and Sewer Utility would like to be informed of any vacancies so that the water service can be turned off at the street. This will help minimize any property damage in the event any interior piping should freeze and burst.
